

## INDOOR-OUTDOOR KITCHENS

**Left:** Positioning a breakfast bar next to a set of glass doors creates a place to sit and enjoy the sunshine throughout summer when they're open or on a cooler day. This Roundhouse kitchen costs from £35,000.

**Below:** Glass splashbacks and glossy cabinetry finishes don't just bounce light round the room to create a lighter space, they can also reflect the view of the garden to help connect the two spaces. Kitchens from Laurence Pidgeon start from £20,000.
